I had the privilege of visiting with Mr. Larry Rodriguez most recently in preparation for this feature story highlighting JMEC's newest member to the Board of Trustees.

During our conversation, Larry mentioned he and his family have lived in the Pojoaque Valley for many years, also that he had retired from Los Alamos National Laboratory in 2005 after working up on the "hill" for twenty-nine years.

Larry worked as a certified welder applying his highly specialized skills to some of the scientific experiments associated with the

space program at LANL. Should you happen to see, and or speak with Larry, ask him about his work on the

As a hobby, Larry says he still likes "playing with cars" making reference to his collection of Mustangs (not to mention a Saleen convertible). Included in the mix, is a replica of a Ferrari 365

GTB (Miami Vice car). Larry might even share with you his involvement with a solar project race car...

Other hobbies include

hunting, fishing and camping.

Our congratulations to Larry and his family on his recent election. We wish him

## JMEC's 2011 Annual Meeting Held in Española

Your Cooperative held its Annual Meeting of Members on July 17, 2011 in Española, at the Española Valley High School Gymnasium.

Due to the Las Conchas fire which started in the Jemez Mountains, a decision was made to re-locate the Annual Meeting for safety reasons.

Five hundred and sixteen members registered for the meeting but this was not enough to establish the quorum of 1,068 (5%) members.

The cooperative is grateful to those members who did attend the Annual Meeting. A good time was held by all, the food was good and folks enjoyed the door prizes including the grand prize give-away which was a Casino weekend get away for two.

We'll see you at next year's Annual Meeting!
