

J M E C ' s S c h o l a r s h i p P r o g r a m

For over 30 years, Jemez Mountains Electric Cooperative's commitment to higher education is realized through its annual Foundation Scholarship. The JMEC Foundation Scholarships are awarded by Jemez Mountains Electric Cooperative. Additional scholarship funding comes from Tri-State G&T, Basin Electric of Bismarck North Dakota, and Rocky Mountain Electrical League Foundation in Colorado.

All scholarships may be used at any two or four-year accredited university, college, or vocational/technical school.

Students may apply for all of the scholarships by completing specific application forms, which were distributed to all area high school guidance counselors in January. Scholarship applications must be received at any of JMEC's three offices by the deadline printed on the form. Applications can be delivered in person, by mail or fax. The winners are announced in May with certificates presented at senior awards and or graduation ceremonies.

To be eligible, you must be a senior graduating from one of the 10 high schools (Apostolic Christian Academy, Coronado High School, Cuba High School, Española Valley High School, Jemez Valley High School, McCurdy High School, Pojoaque High School, Tse' Yi' Gai High School, Walatowa Charter School and Victory Christian Academy) all within the JMEC service area.

Also, Parents/Guardians must reside within the Co-op's service area for a minimum period of one year and must be a member-consumer.

Applications are sent from JMEC to all 10 High School senior counselors. Applications may also be requested from JMEC by Parents/Guardians, and Students.

If you have questions about this program contact Vickie Valdez, at (505) 753-2105 or (888) 755-2105 or by email at vvaldez@jemezcoop.org.
