Local Vendor Preference. The Board of Trustees has approved and supports a local vendor preference which applies to all competitive *bids* for equipment, materials, supplies and *contractual services* in which the *contractual services* are procured using a *bid* solicitation process based solely on price. No consideration *shall* be given to any other factors such as qualifications, references or experience in determining contract award, provided the vendor whose price is determined to be the lowest has met all the *bid specifications* and requirements. A preference *will* apply to *professional service* contracts awarded by means of the *ITB* process.

Local Vendor *shall* mean any business which:

Has had a fixed office or distribution point located in and having a street address within the JMEC service area for at least one year immediately prior to the issuance of the request for competitive *bids* by the purchasing agent;

Employs at least two full-time employees whose primary residence is located within Jemez Mountains Electric Cooperative service area, or if the business has no employees, *shall* be at least fifty percent owned by one or more persons whose primary residence(s) is located within Jemez Mountains Electric Cooperative service area; and Will credit all sales taxes generated pursuant to the contract awarded as a result of the application of this local vendor preference to its business location in the Jemez Mountains Electric Cooperative service area.

If the low bidder is not a local vendor, any local vendor that submitted a *bid* that is within ten (10) percent of the low *bid shall* have the option of submitting a new *bid* within 48 hours (not including weekends and holidays) of the time indicated in the *bid* documents of the *bid* opening. Such new *bids must* be in an amount less than or equal to the low *bid* announced by the Purchasing Agent. If the Purchasing Agent receives any new *bids* from local vendors who have the option of submitting new *bids* within said forty- eight (48) hour period, the Purchasing Agent *shall* award the contract to the local vendor submitting the lowest *bid*. If no new *bids* are received, the contract *shall* be awarded to the original low bidder as announced by the Purchasing Agent. If more than one new *bid* is received from local vendors, and there is a tie for the low *bid*, the contract *shall* be awarded to the local vendor whose original *bid* was the lowest.
