

## SOLAR LOAN PROGRAM (1)

Jemez Mountains Electric Coop is pleased to announce its Solar Loan Program. Homeowning Coop members in good standing, with a good credit rating and good Coop payment history, can apply for low interest loans of up to \$15,000 to install photovoltaic systems. Once the systems are installed, repayment can be tailored to match closely the pre-solar monthly electricity bill, unless the homeowner wishes to pay off the loan more rapidly. Installations are eligible for the 40% combined federal and state tax credits.

Applications will be initially made through the Coop but will be administered by Century Bank, Española. Solar providers participating in the program are Positive Energy Solar, Affordable Solar, Sol Luna Solar, and PPC Solar.

For more details please contact Jemez Director of Business Services Eva Marie DeAguero, 505 367-1118 / [edeaguero@jemezcoop.org](mailto:edeaguero@jemezcoop.org); or General Manager Ernesto Gonzales, 505-367-1155 / [egonzales@jemezcoop.org](mailto:egonzales@jemezcoop.org). Applications forms may be downloaded from [www.jemezcoop.org](http://www.jemezcoop.org). Once accepted by the Coop, applicants will be referred to the Española Branch of Century Bank to complete the loan process.

# Residential SOLAR LOAN PROGRAM (2)

## Steps to Initiate Process

Board Members and JMEC Employees do not qualify for the program at this time

**Step 1.** Contact JMEC Representatives to verify member requirements and receive registration number.

- Eva De Aguero, [edeaguero@jemezcoop.org](mailto:edeaguero@jemezcoop.org), 505-367-1118 or Laura Rendón, 505-367-1151 [rendon@jemezcoop.org](mailto:rendon@jemezcoop.org). Request a copy of one year's worth of bills for service providers to develop system analysis.

**Step 2.** Make contact with at least two of JMEC solar providers and request an estimate for 10 KW photovoltaic system.

- **Positive Energy, Inc (dba Positive Energy Solar) Taylor (505) 699-4460**  
3209 Richards Lane Santa Fe, NM 8750
- **Affordable Solar Wayne Stansfield or Annie Montoya (505) 944-4220**  
4840 Pan American Freeway NE Albuquerque, NM 87109-2220
- **Los Ebanistas Inc. dba Sol Luna Solar contact Zac (505) 455-8875**  
PO Box 10 Dixon, NM 87527
- **Paradise Power Company, Inc ( dba PPC Solar) Charlie/Preston (575) 737-5896**  
245 Paseo del Canon East Taos, NM 87571

**Step 3.** Contact Century Bank loan department with estimates to finalize preapproval

- **Paula J. Pana**, AVP / Consumer Lender O: 505.367.1210 (x3210) [Paula.Pana@centurybnk.com](mailto:Paula.Pana@centurybnk.com)
- **Crystal Atencio**, 505-367-1205, [Crystal.atencio@centurybank.com](mailto:Crystal.atencio@centurybank.com)

**Step 4.** Once approved, finalize selection process and notify successful bidder

**Step 5.** Once the successful bidder is notified the bidder will initiate the project.

- Estimated completion start to finish is 60 to 90 days.
