Today, the President of the Jemez Mountains Electric Cooperative, Inc.'s ("JMEC") Board of Trustees, Dennis Trujillo, issued the following statement:

The Board of Trustee held a Special Meeting Wednesday evening during which the Board decided that Trustee Manuel Bustos will no longer serve as Secretary of the Board of Trustees or on any committee of the Board. In addition, Mr. Bustos will no longer serve as JMEC's representative on the New Mexico Rural Electric Cooperative Association Board. Mr. Bustos will attend meetings of the Board virtually for nine months.

The Board will continue its work to ensure JMEC is well managed, provides reliable service at a reasonable cost, and that Trustees conduct themselves appropriately and do what it best for our cooperative and our members.
