FUEL AND PURCHASED POWER COST ADJUSTMENT:

The utility may, if the purchased power expense is increased or decreased above or below the base purchased power cost of \$0.074583/KWH sold, flow through to the user such increases or decreases, in accordance with the NMPRC Rule No. 17.9.550 NMAC.

X

CONDITIONS OF SERVICE:

1. Street and security light installations and related appurtenances shall be owned, operated and maintained by the utility. All facilities installed on the consumer's premises shall be the property of the utility.
2. Street and security light installations shall be controlled by light sensitive photo-electric cells.
3. It shall be the responsibility of the consumer to notify the utility when security light maintenance is required.
4. Street and security light installations may be inoperative during periods within a month, but such periods shall not cause the net rate to be adjusted.
5. Street and security light installations shall only be maintained by the utility during normal working hours.
6. Street and security light installations may be installed on a temporary basis in accordance with the Rules and Regulations covering temporary electric service.
7. The utility reserves the right to remove lamp and appurtenances at any time in the event more than two calls per year becomes necessary due to vandalism or other causes over and above regular maintenance required unless the consumer agrees to pay for the additional calls and costs incurred to the security light under his custody and control.
